

City Gives Stipulation on Glass Plant Case

Another step toward clarifying title to the old Torrance Flat Glass plant was made this week by William Ellis Lady, attorney for William A. Drennan, who purchased the property at tax-sale, when the city council agreed to a stipulation granting him judgment in Superior Court.

Similar stipulations, according to information received by City Attorney John E. McCall, have been given by the county and the state. The agreement recites, in effect, that the city has nothing but a tax lien interest in the property.

Mrs. Carrie Parks, accompanied by Dr. Minnie M. S. Proctor of Los Angeles, spent the weekend at U. S. Government camp at San Luis Obispo where Mrs. Parks' son, Jimmie, is confined in the hospital with pneumonia.

Portable Fire-Fighting Unit to Be Shown Here

A demonstration of a portable fire-fighting unit, designed after those now in use in England to put out fire-bombs dropped by Nazi airmen will be given here in the near future. A description of the equipment, endorsed by Lydel Peck, state fire marshal, was given the city council Tuesday night and on Councilman George V. Powell's suggestion, a demonstration was requested.

COMMENDS POLICE
Expressing his department's appreciation for the courtesies and cooperation given by Police Chief John Stroh and the Torrance police department during the past three years, Police Chief Elmo W. Field of Gardena informed the city council Tuesday night that his force is ready at all times to assist the Torrance officers.

Easter Has Its Attraction

Easter rabbit gets some competition from Mary Brodel, Warner Bros. starlet, who looks over new Easter outfit of a fellow player, Juanita Stark.

'S Funny - We Always Thought Easter Was Nat'l Rabbit Time!

National Rabbit Week is from April 1 to 8 inclusive and tells a long story for this is the first time a week has been set aside for the rabbit industry.

Scientific breeding and feeding, extreme cleanliness in housing and dressing, have brought this industry into a place of its own. The housewife gets her dressed rabbit today in as clean and fancy a carton as she does her butter and eggs.

No longer are rabbit skins thrown aside. Rabbit breeders have a good market for dressed skins and their associations have brought them proper instructions or dressing.

Lonita breeders are part of the Peninsula Valley Rabbit Breeders Association which meets the first Tuesday in each month at 3721 W. 111 Place, Inglewood.

J. H. Arrington, of Lonita, president of the association extends a cordial invitation to new breeders and amateurs to attend these meetings. At the April gathering Mrs. Bladel of Hawthorne, who has spent years of research in rabbit breeding and is a former student of the University of California at Davis, will give a talk on her studies. Open discussions and a social hour will follow.

So, housewives, when your butcher or dealer asks next week, "How about a rabbit?" you will know he is doing his bit to promote an industry which means a livelihood to thousands of Californians.

And what is more delicious than a nice bit of rabbit, browned and fried to a turn?

BUY MATERIALS.

Materials for street repairs in the Vista Highlands tract, costing \$451.07, were ordered purchased by the city council Tuesday night. The city also intends to erect street signs in that section, where there are no markers at present.

Mr. and Mrs. E. L. Hills of 236th st. entertained at their home last week, Professor Douglas Wilson of the Frank Wiggins Trade School and his mother, Mrs. Bessie Wilson of Riverside, Wilson, who until recently has been superintendent of an entire floor of the school, has been granted leave of absence to fill an important government mission. Mrs. Wilson and Mrs. Hills are cousins.

Western Ave. Link at H.C. is Under Way

Work started the past week on the Western ave. link between Anaheim and Hillcrest, the 2,000-foot right-of-way being recently cleared.

Three or four months will be required to complete grading and paving of the section. One dwelling and a barbecue stand at 260th and Western must be removed.

WPA labor will be used, the road running diagonally north from a point south of Hillcrest to 262nd st. at a seven percent grade. From 262nd to Anaheim it will have a five percent grade, cutting through a hill south of Canyon Drive.

When this is completed the only unimproved link between Los Angeles and the harbor will be the strip between Torrance and Lomita. Estimated cost of improving this link is \$185,000.

Opening of the avenue between Torrance city limits is a combined Torrance and Los Angeles shoestring project.

County Health Officer Passes at L.A. Hospital

Dr. J. L. Pomeroy, Los Angeles county health officer for the past 26 years, passed away early Monday at the California Lutheran hospital. Owing to an intense, active life, he developed high blood pressure with arterial changes which lead to development of kidney trouble and final death from uremia. Dr. Pomeroy is survived by his wife, Leola, a daughter, Joan Lee, and a son by a former marriage, Stanley Norris.

He was born in Louisville, Kentucky, Dec. 19, 1883, and received his M. D. degree from Hospital College of Medicine, Louisville, in 1908. He served as assistant surgeon in the U. S. Army from 1907 to 1909. During the period from 1911 until he became the first county health officer in 1915, he was in private practice in Monrovia. From 1917 to 1919 he served as captain in the Medical Corps, U.S.A.

In April 1915 Dr. Pomeroy became health officer of the county and was for many years the only full time county health officer in the western states.

COLOR THIS FOR PRIZES! . . . Boys! Girls! Have fun—win prizes for your coloring skill! Get out your crayons or water colors and color this picture as you might imagine little Carolyn Lee and her lamb to appear in Technicolor in the picture, "Virginia," starring Madeline Carroll and Fred MacMurray which comes Sunday to the Grand theatre.

Fred plays Carolyn's daddy in the picture. And Carolyn has a lamb whose fleece is black as coal. A prize of \$2 will be given to the best coloring entry submitted by any girl or boy under 14 years of age, and additional prizes of five guest tickets to see "Virginia" will be awarded to the next best five.

"Strawberry Blonde" Opens April 1 at Plaza in Hawthorne

A film with a warm, human story starring James Cagney and Olivia deHavilland called "The Strawberry Blonde" will make its local debut at the Plaza theatre in Hawthorne next Tuesday, April 1. Cagney is cast as a simple fellow who doesn't go around seeking people, who doesn't bow over the girl with his glib charm and who doesn't want to blast his way to the top of anything. All he would like to do is become a darn good dentist. It is a different Cagney—a new Cagney—a Cagney that will win millions of new admirers.

Vivacious Olivia and sparkling Rita Hayworth are the two women in Cagney's uncomplicated life (that is, uncomplicated until they come into it). He falls in love with Rita but marries Olivia on the rebound when Rita runs off with the local boy who made good played by Jack Carson. After many years of happily married life, Cagney realizes he married the right woman after all because Rita turns out to be a querulous, complaining woman, who makes life miserable for her husband despite his wealth.

H.S. Choir to Sing at Theatre April 3

The Torrance high school senior choir of 32 voices will appear on the stage of the Grand theatre next Thursday evening, April 3, to sing a program of Easter songs. Two of the numbers are "Bless the Lord," which is from Russian church music and "Were You There?" a Negro spiritual.

Mr. and Mrs. Merle Maddy, accompanied by their children Marjorie, Marvin and Grace, motored to Angelus Crest Sunday where they enjoyed snow sports.

You'll get more thrill out of cooking WITH A CP GAS RANGE

ENTERTAINING CAN BE MORE FUN!
And everyday "meal-fixing" can be really thrilling! Yes, home-managers by the thousands are finding new joys in the kitchen with CP (for Certified Performance) gas ranges. There's a new, waist-high broiler, for example—especially convenient for hors d'oeuvres. It saves stooping... is smokeless... and super-speedy! And guesswork, the cause of most failures, is banished by CP controlled cooking. (The automatic features mean greater leisure for you, too.) Why wait any longer? Ask a dealer or your gas company to demonstrate these beautiful new ranges—with their marvelous new features and very easy terms.
